Competition Format and Rules

Format et règlement des compétitions

As of MON 15 JUL 2024

Olympic Competition Format

The trampoline gymnastics programme at the Olympic Games Paris 2024 consists of the women's event and men's event. Each event consists of a qualification and a final. Both phases of both events will take place on one day with the following format:

Qualification

- Two exercises: both exercises consist of 10 elements and include scores for difficulty, execution, time of flight and horizontal displacement. For the second exercise, the gymnast decides whether they want to perform or not. The highest scoring exercise is used to rank each gymnast.

Final

- The top eight gymnasts from the qualification, including all tied for eighth place, will perform a single exercise of 10 different elements.

Differences between the FIG World Championships and the Olympic Games

Fewer gymnasts can compete at the Olympic Games.

The format of the qualification phase at the FIG World Championships is different. Gymnasts are split into groups of 10-12, with the best gymnast from each group qualifying directly to the next phase, along with the next highest scoring gymnasts across all the groups. There is also a semi-final phase before the final.

Only individual trampoline gymnastics is recognised as an Olympic discipline.

The FIG World Championships also features synchronised trampoline (two competitors on separate trampolines performing simultaneously), double mini-trampoline and tumbling events for both genders.

There are also team events for individual trampoline, double mini-trampoline and tumbling at the FIG World Championships.

There is an all-around team final at the FIG World Championships, which includes all events (individual trampoline, synchronised trampoline, tumbling and double mini-trampoline) for men and women.

Changes since the Olympic Games Tokyo 2020

There are no longer any compulsory requirements in the first qualification exercise.

In qualification, gymnasts are now ranked based on the highest scoring of their two exercises, rather than the sum of their two exercise scores. It is also now possible for gymnasts to decide not to perform their second qualification exercise.

The starting order for the final is now determined by a draw, rather than being based on qualification results.

Sport Rules and Procedures

Rules for Olympic Competition

Each exercise consists of 10 elements on the trampoline bed. Gymnasts must submit a competition card before the competition, listing the elements which they intend to perform.

The exercises are judged for difficulty and for execution. Time of flight and horizontal displacement are evaluated electronically.

Gymnasts begin on a signal given by the chair of the judges' panel. After this signal is given, the gymnast must initiate the first element within one minute; otherwise there is a deduction. If the gymnast does not initiate the first element within three minutes they will be marked as "DNS" for the exercise.

Gymnasts cannot restart an exercise after a fall. If they fall, their exercise will be evaluated only on those completed elements.

The starting order in the qualification and final is decided by a draw.

Jury Composition

There are nine judges appointed for individual competition:

Chair of judges' panel, two difficulty judges, six execution judges.

- Difficulty panel (two judges) - calculate the final difficulty score, by adding the difficulty value of each element completed.
- Execution panel (six judges) - evaluate the quality of the actual execution (technical faults such as lack of form and control in each element (0.1-0.5 pts); final landing (0.1-0.2 pts), etc.
- Time of flight - the evaluation of time of flight will be done electronically (controlled by the chair of judges' panel)
- Horizontal Displacement - the evaluation of horizontal displacement will be done electronically (controlled by chair of judges panel).

Distribution and Calculation of Scores

Difficulty (D) - Open score - depending on the level of difficulty included

Execution (E) - Each of the six judges evaluates the performances independently (maximum score 10.0 points). The sum of the two median deductions of the execution judges is taken as the deduction per element, then the sum of the median deductions [considering landing deductions] is subtracted from the highest possible execution score (maximum 20 pts) to give the gymnast's execution score for an exercise.

Time of Flight (T) - The total time of flight measured to 1/1000th of a second is considered as the score for the time of flight (rounded to 1/100th of a second at the end of the exercise).

Competition Format and Rules

Format et règlement des compétitions

As of MON 15 JUL 2024

Horizontal Displacement (H) - The evaluation of the horizontal displacement from the centre of trampoline bed on each landing (maximum score 10.0 points).

For each qualification exercise and final: final score = D + E + T + H – Penalties (if any)

Example:

D: 11.500

E: 18.000

T: 18.455

H: 7.500

P: 0.200

Final score: $11.500 + 18.000 + 18.455 + 7.500 - 0.200 = 55.255$

Tie Break Rules

The FIG tie break rules are presented in the FIG technical regulations and define how to determine which gymnast should prevail in case of equality of points. In trampoline gymnastics, the main principles are the following:

Qualification and final

If a tie occurs at any place, based on the best score, in the qualification or at any place in the final, ties will be broken by the following criteria:

1. The gymnast with the higher T-score prevails
2. The gymnast with the higher H-score prevails
3. The gymnast with the higher D-score prevails
4. The gymnast with the highest sum of all E-scores prevails
5. If the gymnasts remain tied, they will share the same classification

Penalties / Disqualification Rules

Penalties may be incurred during or out of the performance (e.g. exceeding time of warm-up). The penalties are deducted from the score of the exercise. Failure to abide by the regulations, or unsportsmanlike behaviour, are grounds for disqualification. In such instances, the gymnast may first be given a warning, and then would be disqualified if the misconduct were repeated.

Score Inquiries

Inquiries are allowed only for the difficulty scores. They must be made verbally immediately after the display of the score, or at the very latest before the score of the following gymnast is displayed. For the last gymnast, this limit is one minute after the score is shown on the scoreboard. The inquiry must then be confirmed in writing at the latest within four minutes of the verbal inquiry.

Only the accredited coaches in the competition area are entitled to submit an inquiry.

Late verbal inquiries will be rejected. Also, should the inquiry not be confirmed in writing within four minutes, the procedure becomes obsolete. NOCs may not inquire about a gymnast from another NOC.

Every inquiry must be examined by the superior jury and a final decision (which may not be appealed) must be taken.

The detailed procedure is outlined in the FIG technical regulations.

In exceptional circumstances, the FIG might issue an "official communication" (C67) with an explanation of the situation.

Sport Terminology

Terminologie du sport
As of MON 15 JUL 2024

Term	Definition
Chair of Judges' Panel	The head judge who places and supervises all judges, directs the competition and controls all scores. He/she is also responsible for the operation of the Horizontal Displacement Measurement Device (HDMD).
Difficulty Score (D)	Open score - based on the content of the exercise.
Execution Score (E)	The Execution Judges make deductions for poor execution in each element from 0.1 to 0.5 pts. The sum of the two median deductions of the execution judges is taken as the deduction per element, then the sum of the median deductions is subtracted from the highest possible execution score (maximum 20 pts for complete exercises) to give the gymnast's execution score for an exercise.
Exercise	An exercise consists of 10 different voluntary elements. The exercise results include scores for Difficulty, Execution, Time of flight and Horizontal displacement. There are two exercises in the qualification phase. For the second exercise, the gymnast decides whether they want to perform or not. The highest scoring exercise is used to rank each gymnast. There is one exercise in the Final phase.
Final	The session, or phase, in which events are contended for medals.
Head of Delegation	Leader of, or person responsible for, an NOC team.
Horizontal Displacement (H)	The Horizontal Displacement is the deviation from the centre of the trampoline bed. The evaluation of the horizontal displacement is done electronically with a Horizontal Displacement Measurement Device (HDMD), and is controlled by the Chair of Judges' Panel.
Inquiry	Inquiries are allowed only for the Difficulty scores, provided that they are made verbally immediately after the publication of the score and confirmed in writing no later than four (4) minutes after the announcement of the scores (their presentation on the scoreboards).
Intermediate Results	Results issued during a phase of competition when some, but not all, of the gymnasts have competed.
Judge	A qualified official who evaluates the performance of the competitors. There are Difficulty and Execution judges for Trampoline Gymnastics.
Jury of Appeal	The Jury of Appeal deals with any appeals made by judges who have been warned or excluded by the Superior Jury, at an appropriate time following the conclusion of each session. The Jury of Appeal also ensures that the requirements of the Statutes, Technical Regulations, rules and guidelines are observed. In case of any offence the Jury of Appeal reports to the body responsible for taking any action.
March (March-in, March-out)	Process of the gymnasts entering and leaving the competition area.
Panel	A group of judges presiding over a specific aspect of a performance of an apparatus (e.g. the Execution Panel).
Penalty	A penalty imposed as a score deduction for rule infringements or technical errors in a performance.
Podium	The raised floor structure that the trampolines sit on.
